

The Support Network Presents
Children's Mental Health Week Dinner

The Brain Can Tell the Story: Resilience After Trauma

Featuring Dr. Stephen Boos, MD
and
Dr. Lawrence Kaplan, MD, ScM, FAAP

Tuesday, May 1, 2018 | 5:15 - 8:00 pm
Shriners Hospital for Children
516 Carew Street, Springfield, MA
(a light supper will be available)

Join The Support Network and Drs. Boos and Kaplan as we explore the developmental assessment of children experiencing emotional and physical trauma.

Learn about Adverse Childhood Experiences (ACES) and how Health Outcomes of Positive Experiences (HOPE) can grow resilience in your family.

Dr. Stephen Boos, MD
Co-Medical Director of the
Baystate Family Advocacy Center

Dr. Lawrence Kaplan, MD, ScM, FAAP
Director, Neurodevelopmental Pediatrics Clinic,
Shriners Hospital for Children
